**A Word to Students and Parents**

Admission to the College does not mean a pass in examination. The students are strongly advised to be punctual, be regular to the classes, take all tests and exercises, do sustained hard work for getting success in the examinations and thereby earn a name for themselves and for their alma mater.

The parents and guardians are requested to co-operate with the college authorities in the education of their sons or wards and evince keen interest from time to time in their studies, conduct and character both in and outside the college.

A student should show respect and regard to the teachers and the institution and should be an asset both to the family and the society. Progress in studies, punctuality in attendance and good behaviour are the only criteria for promotion of the students to the next class.

As per the judgement delivered by the Hon’ble Supreme Court of India, any student found guilty of ragging and/or abetting ragging shall be expelled from the institution summarily.
