STUDENTS' FEEDBACK ANALYSIS FOR THE ACADEMIC YEAR 2023-24

The Students' Feedback for the Academic Year 2023-24 was collected from the students by administering a well-structured questionnaire consisting of multiple-choice questions in the form of statements through Google Form for Feedback and Suggestions for the quality enhancement and development of our institution. Analysis of the Students' Feedback for the Academic Year 2023-24 is presented below:

- 1675 Students from I, II & III year UG and I & II year PG have responded to the Feedback Form.
- Majority of the students from all the departments have responded.
- A huge majority of the students have said that 100% of syllabus has been completed in the classes for all the subjects during the last semester.
- Vast majority of the students have said that the teachers prepare well for the classes.
- Regarding teachers' approach towards teaching, majority of the students have replied it as excellent.
- Large number of students have stated that their mentor follows up with the task assigned to them.
- Most of the students have opined that the teachers demonstrate and explain the concepts through examples and applications.
- Majority of the students have said that the teachers are able to identify their strength and encourage them.
- More than 70% of the students have stated that the teachers are able to identify their weaknesses and help them to overcome.
- Most of the students say that the institution takes effort to engage students in monitoring, reviewing and improving quality of Teaching-Learning Process.
- A vast majority of the students have agreed that most of the teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching
- Most of the students have said that efforts are made by the institution/teachers to inculcate Soft Skills, Life Skills and Employability Skills to make them ready for the world of work.

- About the overall Quality of Teaching-Learning Process in the institution, more than 75% of the students have agreed that it is very good.
- Majority of the students have described the service of the college office as excellent

Suggestions

Students have sought for extra-curricular activities such as sports, games etc. and hence, it is suggested that more sports, games and cultural activities may be conducted.

Action Taken

Based on the suggestions, the College has decided to increase the number of programmes in Cultural Activities, Sports and Games from the forthcoming Academic Years.

Conclusion

The findings and observations show that the Syllabi, Teaching Methodology, Faculty Competency, Infrastructural Facilities etc., are more than adequate for the overall development of the Students. The experienced, knowledgeable and supportive faculty, coupled with the enriching learning environment and state-of-the-art facilities, significantly contributes to the development of individuals into competent professionals/entrepreneurs.
